SAFETY INFORMATION

- The heating and cooking surfaces of the appliances become hot when in use, take all due precautions.
- Unstable pans should not be used on the appliances as they can cause an accident by tipping or spillage.
- Never leave the appliance unattended when cooking.
- Please refer to the manual for more information

6 MULTI-FUNCTIONS:

AIR FRY

This function allows for healthier, oil-free versions of your favourite foods. Cook meals effortlessly with rapid air circulation technology, ensuring even cooking every time.

FULL GRILL

Full grill is the perfect option for quick grilling. Toast your favourite meals or finish off the tops of your recipes.

DEFROST

In defrost mode, no heating elements are used. Only the fan is activated to circulate air inside the oven for defrosting. It defrosts food up to 30% faster than traditional methods.

OVEN LIGHT

The oven light will automatically turn on once any function is selected, helps to monitor the progress of your cooking.

FAN FORCED COOKING

For the ultimate roast or perfect batch of pastries. The element surrounding the fan delivers even heat for even cooking results, approx. 160°C - 180°C is recommended.

FAN GRILL

This function is perfect for fish, chicken Fillets or meat Cutlets. This Combination is exceptional for cooking meats such as poultry, game and roasts, making them crispy on the outside and tender in the middle. The door can be left closed whilst grilling and Browning will occur from the top element
